

EuroMUN Committee

EuroMUN: A Model United Nations Conference (MUN) is a simulation of various international political, economic, and social organizations. During an MUN, students have the opportunity to take on the role of diplomats and ambassadors, representing different countries, NGOs and even corporations in different committees. As part of the EuroMUN team, you will help build such a conference, gathering more than 550 delegates from over 80 nations.

Registration: Take responsibility for organizing accommodation and making sure participants are properly enrolled in our registration program "MyMUN".

Logistics: Organize materials and three parties for 600 people and plan our two pre-programs for the delegates, taking them to two influential European cities.

Marketing & Communications: Make videos, take pictures, become creative with our website, deal with our MUN partners, invite speakers and make sure everyone knows about our amazing conference.

Content: Interested in politics or international relations? Take responsibility for selecting themes and organize a crisis scenario, as well as selecting the chairs.

Fundraising & Finances: Help us make EuroMUN 2017 financially feasible by finding sponsors and grants. Furthermore, make sure our financial health is up to date creating financial reports.
